Professional Summary

Network Engineer with 3+ years of hands-on experience supporting university LAN/WAN infrastructure and IT services. Skilled in Cisco, Huawei and MikroTik environments, VLANs, inter-VLAN routing, static and dynamic routing, wireless and OpenVPN. Experienced in configuring network devices, troubleshooting connectivity incidents and identifying root causes. Windows Server, DNS/DHCP and VMware experience supports reliable network operations, with clear documentation and practical problem-solving.

Technical Skills

- Routing & Switching: VLANs; inter-VLAN routing; static and dynamic routing
- Vendors: Cisco; Huawei; MikroTik RouterOS; router and switch configuration
- Connectivity: LAN/WAN/WLAN; wireless troubleshooting; OpenVPN; DHCP; hotspot
- Network Security: Access control; network segmentation; security monitoring fundamentals
- Operations: Incident troubleshooting; root-cause investigation; documentation; maintenance
- Infrastructure: Windows Server; Active Directory; DNS/DHCP; WDS/PXE; VMware; Linux

Certifications & Training

- **CCNA** (Routing & Switching; Switching, Routing and Wireless Essentials) — Cisco Networking Academy, 2020, 2024
- **HCIA – Routing & S**witching — Huawei Networking Academy, 2021
- **Network Security and Cyber Operations** — National Telecommunication Institute (NTI), 2024
- **CCNP Security** — In progress
- **Ethical Hacking** (CEH v10 curriculum) — ITI, Fayoum University, 2018

Professional Experience

10/2025 – Present
Fayoum, Egypt

Network Engineer
Nile Valley University (*NVU*)

- Operate and troubleshoot campus LAN/WAN, VLAN, routing, switching and wireless infrastructure to maintain connectivity for students and staff.
- Configure and maintain Cisco and Huawei devices; investigate network incidents, identify root causes and implement fixes.
- Support VPN connectivity and VMware environments; document recurring issues and troubleshooting outcomes.
- Administer Windows Server roles (Active Directory, DNS, DHCP and WDS) and manage user and device access.
- Deployed WDS/PXE provisioning across six labs for repeatable workstation setup.

11/2023 – 09/2025
Fayoum, Egypt

IT Specialist Engineer
Egyptian E-Learning University

- Maintained VLAN, routing, switching and wireless connectivity across university labs and offices.
- Troubleshot Cisco and Huawei equipment and Windows Server services, including Active Directory, DNS and DHCP.

- Maintained WDS/PXE deployment workflows and Windows images for lab and staff computers.
- Supported VMware, system maintenance, updates, backups and end-user IT issues.

05/2021 – 10/2023 **Reserve Officer**
Egyptian Armed Forces
- Completed military service as a reserve officer; led and coordinated teams under pressure.

10/2020 – 04/2021 **IT Helpdesk Engineer**
Smart Company, Fayoum
- Provided first- and second-line support for hardware, software and connectivity issues.
- Supported routers, switches and firewalls; assisted with system updates and backups.

Achievements

- **Gold Medal**, Huawei ICT Competition (Network Track), 2019–2020

Education

B.Sc. in Computer Science | Faculty of Computers & Information, Fayoum University | 2016 – 2020

Languages

Arabic (Native)

- **English**: Professional working proficiency
